Columbia Gas Utility Painting

Contractors will be working on State Route 3 near the bridge over the Railroad this morning, 11/9 and on the North Main Street Bridge over Mountain Run Thursday, 11/10. Crews will be working in an effort to update utilities beneath both bridges. A work zone and flagging operation will be conducted in these areas to move traffic safely through the corridor. Construction Crews will begin work both days at 10:00 AM and should be completed by 3:00 PM, weather permitting.

Motorists and local residents should expect delays during this construction.

"Motorists are urged to pay attention to changing conditions within the work zone during this time," said Assistant Director of Public Works, Gary Wise.
